Precast Fair Application

Applications are due no later than Sunday, October 15, 2023

Email applications to lanie@gaineyconcrete.com

Gainey's is excited to add our Precast Fair to our 2023 Community Day. The Precast Fair is an opportunity for students to research the past, present, and future of concrete for the chance to **win up to \$240 in cash prizes**.

Teams for the Precast Fair can be made up of (1-2) students. In order to participate, students must submit an application with details of the topic they will research. Applications are due Sunday, October 15, 2023, and our Judging Panel will review them. There will be (6) presentations chosen for our Precast Fair. Each team selected to present at the Precast Fair on October 27, 2023, at our Community Day will receive a cash prize of \$40.

Presenters for the Precast Fair must follow the rules listed below. After they are selected, they will need to design a tri-fold board and prepare a (2-5 minute) presentation that they will give to the Judging Panel at Community Day. Students have the option to research a topic that correlates to the past, present, or future of concrete. Presenters will be judged in (4) categories: originality, theme, aesthetics, and presentation. The winner of the Precast Fair will win a \$200 cash prize. Any questions can be sent to Lanie Baudouin at lanie@gaineyconcrete.com.

Rules

- Presentations must be the work of the student(s) with minimal help from adults; teachers and parents are to provide only necessary guidance, encouragement, and constructive criticism.
- Students must fill out and submit the application by Sunday, October 15, 2023, in order to be considered to present at the Precast Fair.
- Chosen presenters will receive a cash prize of \$40.
- Presenters will display details of their project on a tri-fold board and give a (2-5 minute) presentation to the Judging Panel on the day of the event.
- Display guidelines
 - Students should have a three-panel backboard display, which can be purchased at a school or office supply store, or you can make your own out of cardboard, styrofoam, etc.
 - Dimensions for the board should not exceed 36" x 48".
 - Display boards should be unique, informative, and aesthetically pleasing.
- Presenters will receive a score of (1-5 points) in (4) categories:
 - Originality
 - Theme
 - Aesthetics
 - Presentation (2-5 mins)

Precast Fair Application

Applications are due no later than Sunday, October 15, 2023

Email applications to lanie@gaineysconcrete.com

Name: _____ Date: _____

Partner Name *(optional)*: _____

School Name: _____

Theme *(circle one)*: Past Present Future All three

Presentation Title: _____

In 200 words or less, please describe the topic you would like to present.

(You do not have to include specific facts and data; however, the more information you provide us, the better we can understand your thought process behind choosing this topic.)

Optional: A design space for your display is located on the back of this sheet.

Teacher Approval: _____

Student Signature: _____

Partner Signature: _____
